Europe's 5th best beach

When you think about the ingredients that go into making a world-class beach, Bournemouth has it all: soft, sandy shores; clean, safe waters; and a microclimate that promises more sun, less rain and warmer seas. It's why so many people visit every year, flocking to the seven miles of uninterrupted beach to swim, surf and sunbathe in style.

But don't just take our word for it; the 2021 TripAdvisor's Travellers' Choice Awards ranked Bournemouth the 5th best beach in Europe and 20th best in the world, and we've also scooped 23 Blue Flag and Seaside Awards for our superior water quality, environmental management and safety.

Flanked by miles of promenade on which to walk, jog and cycle, not to mention cosmopolitan cafes, bars and restaurants, it's safe to say our beach is always bustling – all year round. And when you've got your seaside fix, a short stroll into Bournemouth town centre takes you through beautifully cultivated, Grade II listed gardens and into an eclectic mix of shops, eateries, galleries and bars.

It's no surprise visitors come from across the UK and beyond, all seeking the sun, sea and sand that define this unique part of the South West coast. So, why not come and see what all the fuss is about?

Goodbye gym, hello beach!

Where better to tot up your step count than on seven miles of sandy shores? With Bournemouth's famous beach and seemingly endless promenade, you can see why so many fitness enthusiasts shun the gym for the great outdoors.

From sunrise to sunset the beach is alive with all sorts of exercise regimes, from yoga to HIIT to volleyball. And if you think walking up and down the cliff paths is tiring, try running!

Even in the depths of winter, you'll find devoted sea swimmers braving the icy shores, perhaps training for the annual pier-to-pier swim from Boscombe to Bournemouth. And if you're here at Christmas, you'll see swathes of locals taking part in a traditional Christmas dip – flasks of mulled wine at the ready!

With such a rich fitness culture, it's no surprise Bournemouth's home to a variety

of annual fitness events, including the Bournemouth Marathon; the British Beach Polo Championships; and the world's largest sport and music festival, Bournemouth 7s.

If you prefer to go off-road, the nearby New Forest offers miles of tracks to cycle, walk and run – look out for the wandering New Forest ponies that attract visitors from near and far.

From the beach to the promenade to the forest, Bournemouth gives you every reason to cancel your gym membership in favour of scenic outdoor workouts. Trust us, one run along the promenade and you'll be hooked!

Our planet, our priority

Our love for the environment
can be seen in the cleanliness
of our beaches and shores.

But it doesn't stop there. We're passionate about sustainability, so much so that we became the first local authority in the UK to join the Earth Charter Initiative, and in November 2019 Dorset Council declared a Climate and Ecological Emergency.

Dorset Council has also distributed in the region of £1.8m in Low Carbon Dorset Grants, and secured around £10.5m from the Transforming Cities fund to create new 'active travel' walking and cycling routes over the next three years.

We at Business Events Bournemouth work with venues that share our sustainability ethos. We also seek

out suppliers that have strong green credentials, favouring environmentally conscious partners as a priority.

We know that this means as much to you as it does to us, and hope that together we can help promote sustainability, one good decision at a time.

Success outside the city

Where better to start up a business than on England's stunning South West coast, home to an exciting array of brands including Green & Black's, Lush, Farrow & Ball, Dorset Cereals and Dorset Tea, not to mention international giants such as Liverpool Victoria, JP Morgan and Sunseeker.

With a 95.8% increase in startups between 2018 and 2019 – the highest of any of the top 50 towns and cities – and a higher than average five-year survival rate of 45.65%,

it's no surprise that business financial platform, Tide, rated Bournemouth the best place to start a business outside of London.

It's why Bournemouth attracts a massive 140,000 business visitors every year – businesses that want to get a glimpse of what success outside of the big cities looks like.

We're proud to be able to support our thriving entrepreneurial community with start-up accelerators, grants and regular entrepreneurial meet-ups including

Your stay, your way

For us, a perfect stay is one that ticks multiple boxes: a warm welcome, beautiful location, comfortable hotel, delicious food and team activities to write home about.

But there's no one-size-fits-all experience. Which is why we tailor your stay to your individual needs, making sure all expectations are met – and surpassed.

We're lucky to have an eclectic choice of hotels, restaurants and bars at our fingertips, all boasting their own unique vibe. To make sure we select the perfect fit for you, we take time to understand you both as a business and as individuals, curating an experience we know everyone will love.

And when it comes to team experiences, you're spoilt for choice. Jaw-dropping landscapes and seascapes provide a natural playground for adventure and exploration, serving up a seemingly endless list of activities and challenges including coastal treks, off-road safaris, high ropes courses, paddleboarding, yacht charters, jetski safaris, powerboat rides and surf experiences – to name but a few!

The question is: what makes the perfect stay in your eyes?

A photograph of a woman with long blonde hair, smiling and clinking glasses at a social event. She is wearing a dark top and a gold watch. In the foreground, there are glasses of champagne and a plate of sushi. The background is blurred, showing other people and warm lighting.

Food, glorious food

Picture idyllic seaside restaurants serving fresh fish caught in local shores; contemporary cocktail bars overlooking a sprawling ocean; and quirky cafes loved by visitors and locals alike. And if you venture into the New Forest, you'll stumble across traditional pubs with roaring fires and warm welcomes.

With natural surroundings spanning seaside, countryside and forest, our restaurants and cafes serve up a diverse range of local ingredients, from freshly caught lobster to wild mushrooms to organic, free-range meat. We even boast exquisite sparkling wines from local vineyards – the perfect excuse to raise a toast!

And with award-winning distilleries and microbreweries, including Conker Distillery, The Way Outback and Poole Hill Brewery, there's no shortage of tipples to try and buy, all loved for their unique flavours and techniques.

With so many tastes to discover, you just need to decide where to start...
